

# **USPC Northwest Region's D1-C2 Examiner Seminar**

**When:** February 24th, 2008

**Where:** Bellevue Regional Library

**Time:** Registration begins at 12:00 p.m., then finish by 6:00 p.m.

**Who should attend:** All NW Region's D1 - C2 examiners, those interested in becoming D1 - C2 examiners (including C3 - A Pony Club members and instructors), and club rating organizers.

**Cost:** This seminar is regionally sponsored (including food) so please take advantage!

There have been a lot of changes to the National testings in the USPC and this seminar gives our region's D1-C2 examiners an opportunity to learn what changes have been made and how those changes affect the club level testings. This seminar also gives us the opportunity to bring all of the NW Region's D1-C2 examiners together in an effort to standardize testings. It will help us organize ourselves and our ratings so that they are conducted in a similar manner, no matter who the rater is. To facilitate this, we will view video footage of demo riders, do interactive exercises, and discuss questions and concerns from the clubs and the examiners. Packets of materials, for future reference and seminar review, will be provided.

This type of seminar is held annually or bi-annually for C3 examiners and National Examiners and is very helpful in standardizing those testings and making the examiners more congruent. We feel that such a seminar is just as important for the club level ratings.

Names of seminar attendees will be compiled and available to DC's and club rating organizers as a list of examiners who have continued in this type of education.

**Nourishment:** Coffee and tea services will be provided throughout the day and a catered lunch for vegetarians and non-vegetarians.

Please fill out the registration and questionnaire and either email (preferred) it back to Asia Thayer at [asiathayer@hotmail.com](mailto:asiathayer@hotmail.com) or snail mail it to 9527 SW 180<sup>th</sup> St, Vashon, WA 98070. The registrations must be received no later than February 1<sup>st</sup>, 2008.

Specific directions and a schedule will be emailed out after February 15<sup>th</sup>.
